

Chapter 8

Miscellaneous

Introduction

Chapter 8 contains a number of Annexures that are relevant to the Modules in carrying out a native title assessment under the Procedures.

Annexure 8.1 – Glossary of terms

This Annexure is a glossary of terms used throughout the Procedures.

Annexure 8.2 – Delegations and responsibilities

This Annexure advises that there are no specific delegations in relation to native title under the Procedures and that the State must comply with the NTA when doing land and resource dealings.

Annexure 8.3 – Supporting documentation for native title assessments

This Annexure provides a list of examples of documentation that can be used to support a native title assessment.

Annexure 8.4 – Queensland Native Title Representative Bodies and Areas QNTIME

This Annexure explains what are a native title representative body and a native title service delivery agency. A search of QNTIME shows the boundary of the representative area and their contact details.

Annexure 8.5 – Consideration of comments and submissions in response to future act notifications

This Annexure provides guidance on how to deal with any comments and submissions received in response to a future act notification.

Annexure 8.6 – Mining or Mining? – That is the Question!

This Annexure considers the definition of “mine” under the NTA in relation to the activity of quarrying.

Annexure 8.8 – Native title and the *Sustainable Planning Act 2009*

This Annexure advises on the native title requirements for specific dealings under the Sustainable Planning Act.
