Family rate

The family rate can be claimed if the group is up to two adults and accompanying children under 18, up to a total of eight people. Children under five are free.

The rate is \$21.30 per family. A separate booking is required for each family claiming the family rate. A family rate does not include large organised groups or schools.

Please note:

If you have 2 adults and 2 children it is cheaper to not claim the family rate.

Example 1

- 2 adults + 3 children
- 1 x family rate = \$21.30
- Total fee = \$21.30

Example 2

- 3 adults + 5 children
- 1 x family rate = \$21.30
- 1 x adult rate = \$5.30
- Total fee = \$26.60
